

HERE'S WHAT BREEDERS ARE SAYING!

"Eye Candy is definitely clicking on our Chi cows consistently, making them sound, soggy and sellable with unreal hair. Eye Candy females should be the next hot thing in Club Calf Mamas. We averaged \$13,500 on our Eye Candy heifer calves last fall."

- Justin Holt, Holt Brothers - South Dakota

"The Eye Candy calves have a great look about them and feed really well."

- Myron Benes, Wagonhammer Ranches, Nebraska

"Rockin' J crew has been extremely impressed with our Eye Candy calves! They are 100% sound in their structure. The heifers calves have cow written all over them. The steers that aren't club calf quality, look like cattle that will feed and perform in the feedlots. In closing, Eye Candy's mother was in our corral overnight and she is the Real Deal!!"

- Jerry Adamson, Rockin J Ranch, Nebraska
